Cadaveric Course

# Advanced Innovative Solutions in Periprosthetic Fracture surgery

February 14, 2025  
Time 08:00 – 15:00

Clinical Training Center  
Sharjah Surgical Institute  
Sharjah, UAE

## Invited faculty

**Dr Karl Stoffel**

**Dr Ahmed A. El-  
Bakoury**

## Program overview

This Live Interaction Trauma Cadaveric course is designed for experienced surgeons who wish to expand their knowledge and share their expertise in the challenging and complex area of Orthopaedic Trauma/Periprosthetic fracture management surgery. This course will address the challenges of periprosthetic fractures and to utilize the latest treatment options. This activity will help HCPs moving forward in their learning pathway building more confidence which will optimize patient outcomes.

The expert faculty leading this highly interactive course with dedicated Theoretical & Cadaveric session will Discuss complex cases and provide information on state-of-the-art treatment solutions, enable peer-2-peer exchange, provide insight into advanced treatment options for fellow surgeons and physicians;
